To Whom it may concern

07 February 2021

This letter is to confirm that Multipoint Locks Training (MPL Locksmith Training - 794946) submitted the following programmes for review by City & Guilds under our Accreditation Service.

- **SPECIALIST LOCKSMITH & REFRESHER**
- **SPECIALIST AUTO LOCKSMITH TRAINING**

The programmes are reviewed within the MPL Locksmith training structure against benchmark requirements to show high quality training structure and management and have met the requirements. This entitles MPL to promote their courses using the City & Guilds Accredited Logo. The most recent successful audit was carried out in November 2020 and continues to meet our requirements.

To achieve this MPL must have developed and own the course, deliver, assess, review and manage the learning process in order to ensure the highest standards of training. This will include regular reviews both internally and based on learner feedback and well as industry requirements.

Participants must pass an assessment set by Multipoint Locks Training and is reviewed by City & Guilds to ensure that the aims, objectives and outcomes are measured accurately, at that point the participant is issued a dual branded certificate, issued by Multipoint Locks Training, and bears the City & Guilds accredited logo.

City & Guilds accreditation is for organisations seeking external approval for internal developed training for non-qualification programmes. Once achieved, City & Guilds, by licensing our logo, is confirming our benchmark requirements have been met and that MPL may use our logo to promote the courses and issue certificates that carry both their logo and our accredited logo on certificates to successful participants

City & Guilds will carry out an annual audit to ensure the standards are continued to be met.

Regards

Gary Woolton

Recognition Executive, City & Guilds.
